

Golden Gate Regional Center

Supporting people with developmental disabilities since 1966

New Service Development Priorities for 2018-2019

Regional Centers have the opportunity to submit a Community Resource Development Plan proposal to California's Department of Developmental Services (DDS) in order to obtain startup funding for new service development. Information guiding the development of this plan was provided by GGRC's stakeholders (individuals receiving services, families, service providers, community partners, etc.) and GGRC staff. Any approved new services and associated startup funding will be posted on our website and distributed through GGRC's Request for Proposal Process.

GGRC Priorities for 2018-2019 are as follows:

- Multi-Family Housing
- Group Home Development
- Healthcare Advocacy
- Social-Sexual Health Education (Including Abuse Prevention and Self-Advocacy)
- Community Behavior Support
- Employment Services
- Social Skills Training

In addition to the service development priorities listed above, Golden Gate Regional Center continues to accept applications for new vendors in all services in accordance with Title 17.
